University of Buffalo
Bachelor of Science in Computer Science
GPA: 3.7/4.0

Buffalo, NY
Expected Graduation May 2020

Midwood High School at Brooklyn College
Humanities Program
GPA: 3.7/4.0

Brooklyn, NY
Graduated in June 2016

WORK/RELEVANT EXPERIENCE

Engineering Intramural Project, UB Inc.
Systems Software Engineer

Amherst, NY
March 2018 - Present

- Design automation equipment that would reduce the need for employees to fulfill online orders in retail stores
- Research current automation approaches in similar scenarios and specification of system requirements
- Collaborate with five students and solve an engineering problem following project management principles for scoping
- Develop a problem statement (objectives/requirements/constraints) and agree on deliverables

PetSmart
Adoption Assistant

New York, NY
October 2014 – June 2016

- Evaluated 400+ animals' characteristics and behaviors to produce profiles for potential adopters on online website
- Mentored junior staff on caring for and socializing animals and preparing for the necessary paperwork for adoption
- Created informative materials for foster pet parents and permanent pet parents to maintain a healthy pet
- Assisted customers with any questions or concerns they had about the animals' and adoption process

Public School 2
Teacher Assistant

New York, NY
June 2015 – August 2015

- Instructed a class of eleven 4th and 5th grade students through a structured lesson plan and attentive supervision
- Delivered a range of teaching and assessment activities including tutorials directed towards the delivery of subjects
- Contributed to the development of teaching materials to ensure methods of delivery meet learning objectives
- Focused on positive reinforcement and cared for children's needs to create a safe and optimal learning environment

PERSONAL PROJECTS

- FaireRide: Created an Android application to compare Uber and Lyft prices using Amazon DynamoDB, Google Maps API, and Google Places API. Source code: <https://github.com/stephenfung98/PennApps18>
